FENCEARMOR[®]

Prevent. Protect. Prolong.[™]

POSTSAVER[®]

AUTHORISED FENCEARMOR POST GUARD MANUFACTURER

MADE IN THE U.K.†

EXCEPTIONAL FEATURES = BENEFITS THAT MATTER

ENGINEERED DESIGN

Our patented post protection increases structural integrity, reduces maintenance costs, as well as wear and tear on maintenance equipment.

SUSTAINABLE MATERIAL

Earth friendly, strong and flexible, steel accommodates every post material and size, making steel the best *defence*.

365/360° PROTECTION

Protection from the bottom up. Prevent damage, cracking, premature aging, insect infestations, and more.

GUARANTEE & WARRANTY

Guaranteed protection you'll love. Our post protection products are backed with our 5-year Manufacturer's Warranty.*

SAVE MONEY

FenceArmor products are made to last. A one-time purchase could save money on repairs, entire fence or post replacement.

PROTECT OUR PLANET

Protecting 16 wooden posts, saves one tree from the mill. And, unlike plastics or aluminum, steel is infinitely recyclable.

HARD CORE QUALITY

Strength and durability you can depend on. Every steel Fence Armor protector is dipped in galvanized zinc offering an added layer of 360° hard core, quality protection.

TOP NOTCH

Exceptional product, aesthetic, and warranty combine to prevent, protect and prolong property curb appeal, and value.

FULL PROTECTION COMPLETE 360°

Protect your investment while preventing damages made by regular lawn maintenance. Our two-piece Post Guard design installs in minutes and offers 365/360° Protection from weather and insects, with side slots that allow for post expansion and contraction. Use two pieces, or one for shared fences.

Our 75mm and 150mm tall Full Protection Post Guards are perfect for wood or vinyl fences and square or rectangular stand alone posts such as mailboxes, signage, gazebos, wooden play structures and more.

Available Sizes:
(3"x3" - 5"x5")
75mm x 75mm - 150mm x 150mm

PRIVACY FENCE LOW RAIL HEIGHT

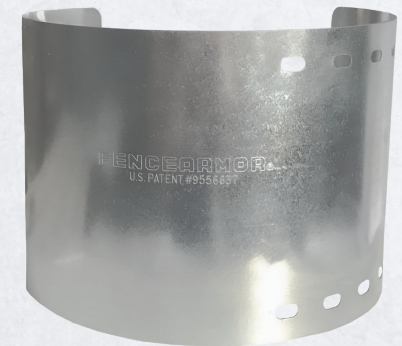

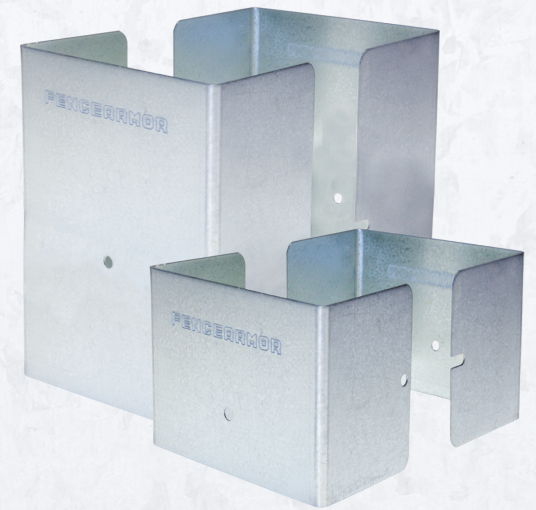

Ideal for low rail situations or privacy fences, this demi post guard's shallow depth prevents interference with bottom rails, fitting both wood and vinyl posts. This unique design protects posts in a variety of scenarios; shared fences using multiple stains, or single posts with hard-to-fit corners in need of custom protection. All Privacy Fence Post Guards are 75mm tall.

Available Sizes:
(3" x 0.50" - 5" x 0.50")
75mm x 12.7mm - 150mm x 12.7mm

ROUND PROTECTION ALL 'ROUND PROTECTION

Fits wood or vinyl round posts measuring 75mm to 180mm in diameter, and larger. Our variable pitched slot design can accommodate any post size. Simply connect additional pieces using color coded fasteners for a custom fit. Ideal in any equine application, Round Protection Post Guards can also be applied to the top of posts to deter horse cribbing. All Round Protection are 127mm tall.

Available Sizes:
(3" - 7")
75mm - 180mm
